

Tenant renewal — quote, rationale and next steps

Northmark Insurance - renewal call with Marcus Reyes - 19 September 2026

ANNUAL PREMIUM	SAVED VS. LAST YEAR	BINDS BY
\$1,135 12-month term, bundled	-14.2% was \$1,323	2026-10-01 inspection must clear

What we agreed

Northmark and Cedarline walked through the tenant book. The renewal quote holds at the numbers below, and the two open items are owned and dated.

COVERAGE	LIMIT	DEDUCTIBLE	PREMIUM
Contents	\$45,000	\$1,000	\$612
Personal liability	\$2,000,000	\$0	\$284
Water damage — sewer backup	\$25,000	\$2,500	\$151
Additional living expenses	24 months	\$0	\$88
Total	—	—	\$1,135

Sewer backup is the one line the underwriter flagged: the building is pre-1965 and the deductible cannot go below \$2,500 without a plumbing inspection on file.

Why the premium moved

Winter tires confirmed on file, -8% on the auto side of the bundle

Claims history one not-at-fault in 2023, no rating impact

Bundle auto + tenant together, -12% applied to both policies

1. Underwriting accepted the 2023 claim as not-at-fault, so the surcharge came off.
2. The bundle discount replaced the standalone tenant rate.
3. The water sub-limit went up from \$15,000 to \$25,000 at no extra cost.

Action items
